

# The PANTERA initiative for enriching R&I in support of the energy transition:

## Promises and Expectations

PANTERA workshop

Sofia

2019-07-02

Dr. Christina Papadimitriou-FOSS

# PANTERA's main objectives

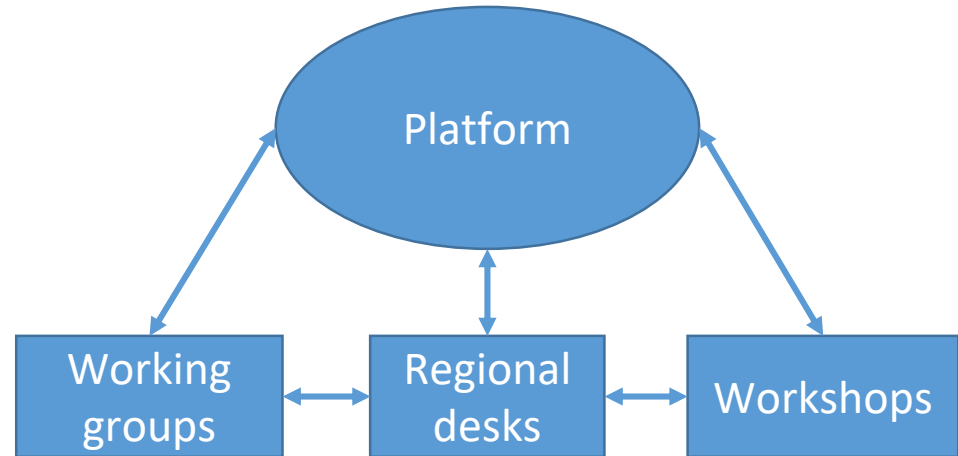

- **It develops enhanced knowledge-sharing mechanisms** to identify the key R&I challenges on energy transition.
- **It delivers ready-made tools** that will facilitate the collection of real data / results from on-going projects, building a useful shareable data repository
- **It organizes dedicated workshops and set up regional desks** which facilitate exchanges of experience and capacities between members of R&I community
- **It acts as an umbrella bringing together all European initiatives** focused on energy such as ETIP-SNET, BRIDGE, EERA JP for SG, DERlab e.V. etc

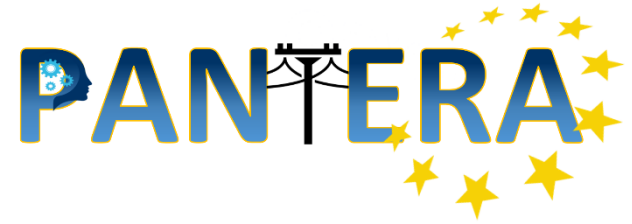

# PANTERA's tools for the stakeholders

- **PANTERA platform**
- **Regional desks**
- **Working Groups**
- **Workshops**

# PANTERA platform objectives

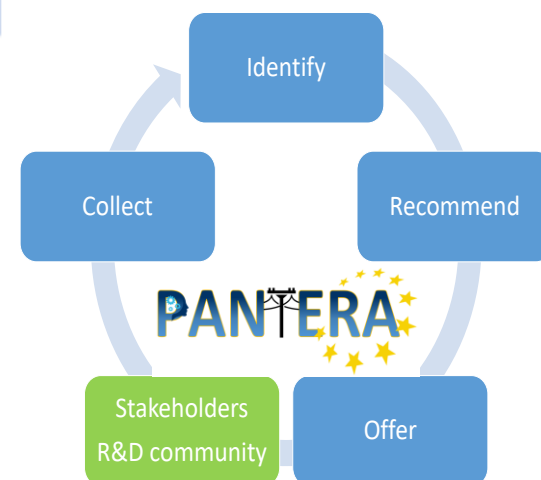

- Multi-functional interactive platform – Innovative solution in support of R&I
- Easy access, readymade tools, real data from projects with results build in case studies for exploitation / utilization
- Building of future scenarios and an attractive environment for generating the vision of tomorrow through innovative tools and methods to be tailored for wider understanding and use

# Regional Desks

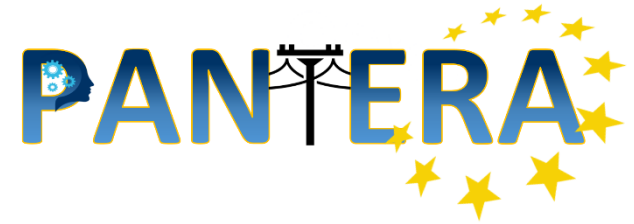

## PANTERA 6 + 1

# Working Groups

- Research infrastructures
- Regulation & Standardization
- Gap Analysis
- Innovation support to the market uptake
- Global& European Research and innovation community

# Workshops

## 8 regional workshops

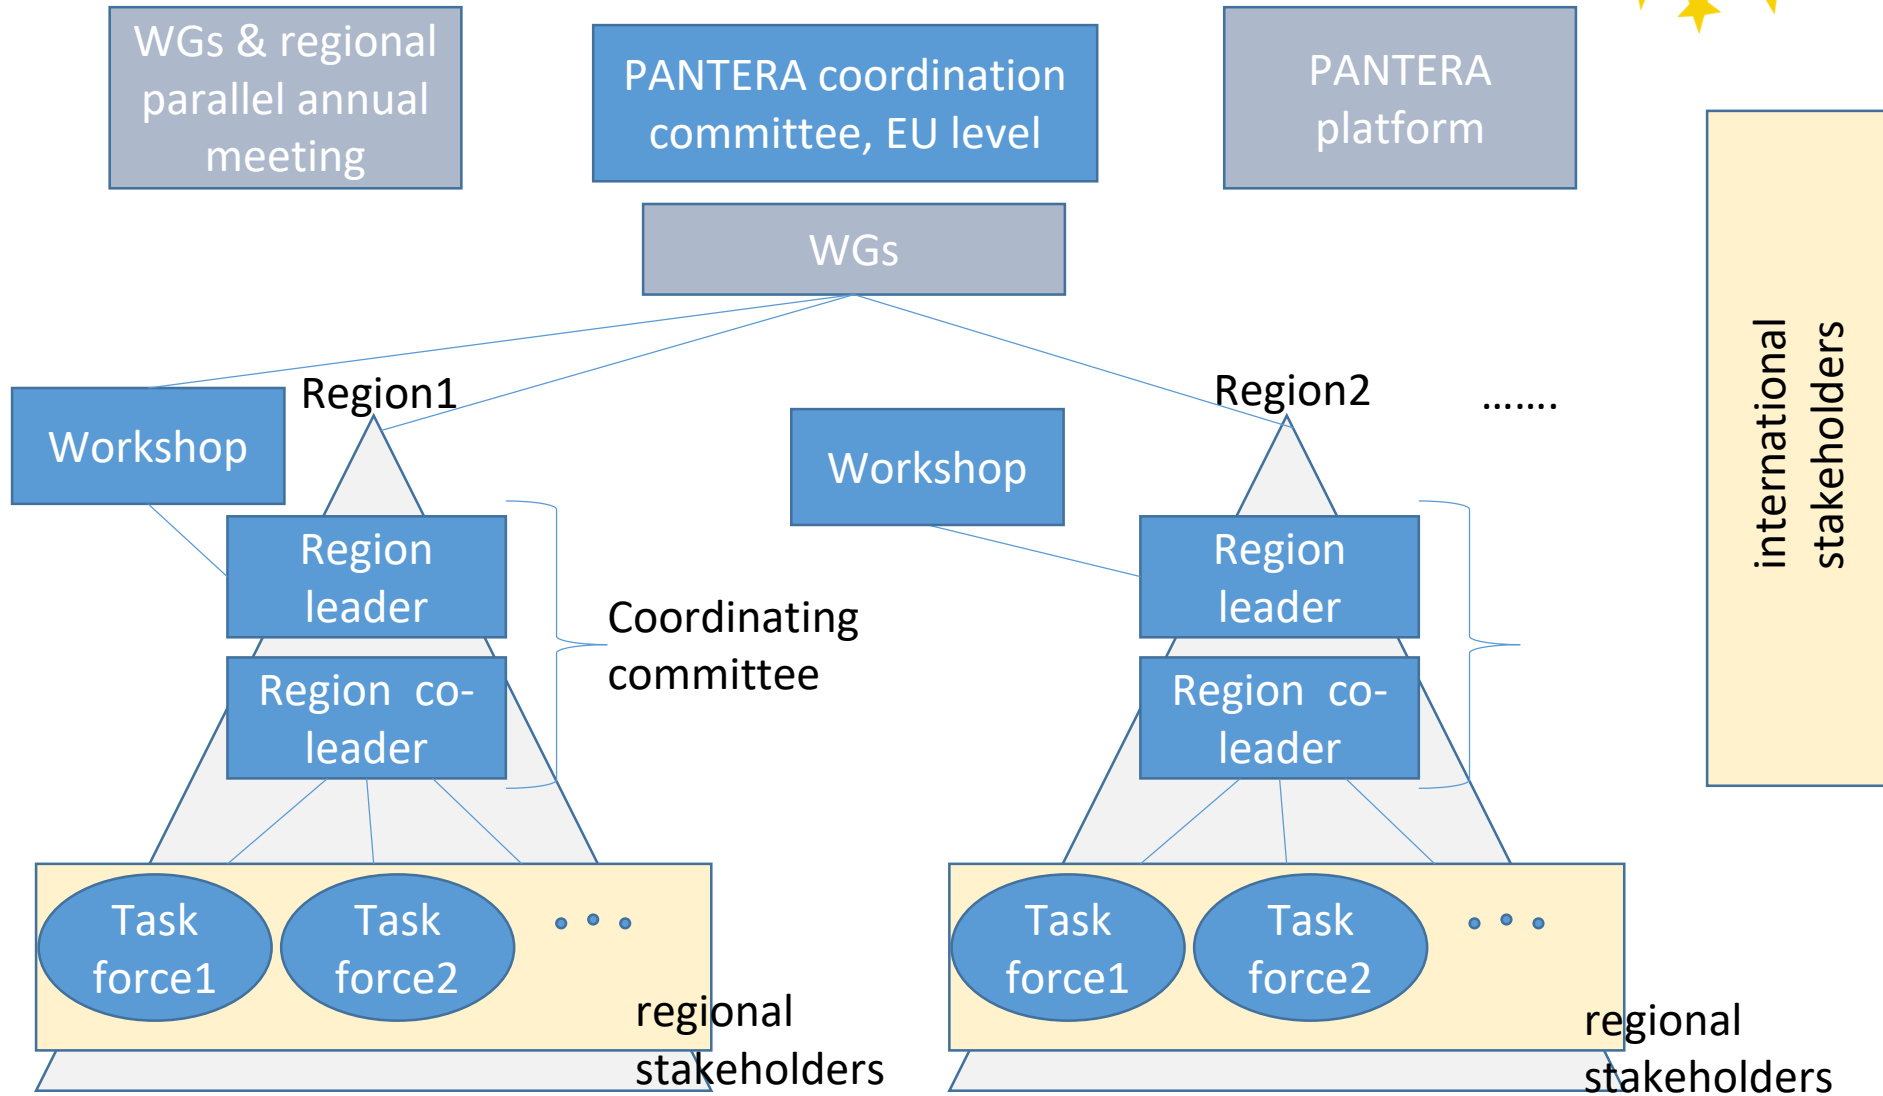

- Identify key challenges and gaps
- Stakeholders' consultation
- Building regional networks
- Present solutions and action plans

## 8 pan-European & global workshops

- Set up synergies
- International stakeholders' consultation
- Building networks
- Offer detailed and analytical information on smart grids and emerging technologies investment.

# Tools interconnection

# Join PANTERA project

## Your benefits in joining PANTERA:

- \* Networking opportunities with other European stakeholders
- \* Participation in project events and workshops
- \* Sharing your project outcomes on a Pan European level
- \* Access to Pan European level databases

## \* How to join PANTERA Project?

- \* **Please visit:** [pantera-platform.eu/stakeholders/](http://pantera-platform.eu/stakeholders/)

# THANK YOU FOR YOUR ATTENTION!
