

**PANTERA Regional Workshop – 13 February 2020**  
**Agenda**  
**N.J.V ATHENS PLAZA HOTEL**

The workshop will focus on the challenges and barriers, along with the best practices and future steps toward greening geographical islands and transforming them to 100% renewable energy systems with the support of technologies that enable their smart autonomous operation.

The workshop is structured around 5 keynote presentations from the major stakeholders of the Greek Energy Market. Each keynote presentation will be followed by a facilitated Q&A/discussion

The workshop will take place at N.J.V ATHENS PLAZA HOTEL
